**BG Police Nab 22 Youths
For Breaking And Entering**

Latest developments in the investigation and solution of a string of breaking and entering incidents show that 22 Negro youths have been charged with at least 29 breaking incidents at Belle Glade, according to Police Chief Charles Goodlett.

The incidents date back as far as November 1957. The investigation and work on the cases received the compliments of the police chief this week who said he had letters being processed to the officers responsible for the outstanding man in which the cases were handled.

The police chief also had a stern word for the parents of these 22 juveniles who were responsible for the cases.

"These children don't get proper attention at home," he said. "They were on to say that something was certainly wrong when the youths roamed in gangs of a dozen and made it all times the night."

He also said a new gun registration ordinance passed by the city council and made it necessary to trace the ownership of weapons taken from youths when apprehended. Both individuals and merchants must now register weapon numbers for police records.

The latest incident occurred sometime during the night of Dec. 12 and the youths were taken into custody when they returned for the laundry. At the same time another resulted in the apprehension of a 17-year-old youth working in a grocery store.

Mr. and Mrs. Glenn Smith returned from a series of business and pleasure meetings in Richmond, Indiana they attended a dinner and reception honoring the past grand commander of the York Rite Masons of which he is past grand master.

Opening night jitters and inability to hit foul shots were two factors which kept the Rams on the short end of a 45-38 decision to Stuart. The Rams hit eight of 25 tries at the charity stripe and lost 12% of their 50-odd shots from the floor.

Junior Aushorn of Stuart was high for the evening with 12 while Rams John Chamblee, Clarence Throp and Butch Davis got eight each.

Don't Miss It! Crazy, Mixed-Up Basketball Game Will Be Played Saturday Night

Belle Glade's version o' the best in basketball will be staged at the high school gym on Saturday, Dec. 19, at 7:30 p. m. when Jim Maynor's "Minute Men" will play the internationally famous All American Red Heads in an exhibition game to benefit the athletic department.

Player-coach Maynor announced the following incomplete roster for the big game: Russ Miller (6-9), Bill Burke (6-2), Vince "Goss" Marquess (5-10), Luke Thornton (6-5), Thorell Luke (5-8), Pellon Morris (6-2) and Maynor (6-2).

All are faculty members at the high school except Miller, who is a Glades Prison Farm employee.

According to completely unconfirmed rumors heard at the Dec. 9 Lions Club luncheon, several players have volunteered to play and they offered up to \$10 for the cause.

Maynor allegedly disqualified these men for fear of unorthodox conduct possibilities, as it was termed. They said it, we said it.

For the past 22 seasons, the Red Heads have been on the road playing ray, cut-up basketball and public reports are that they're GOOD! But, then so are Maynor's boys, naturally.

Pictured with this story is one of the six-footers who'll carry the Red Heads' colors. Admission is cheap for the show you'll see.

Salute to FLORIDA COUNTRIES

MARION COUNTY
County Seat,
Ocala

Marion County is one of Florida's largest and more important agricultural counties, with a flourishing farm crop income. Other sources of income include citrus, beef and dairy cattle, hog and poultry, thoroughbred horses, varied manufacturing plants and forestry products. There are unlimited tourist attractions, such as world-famed Silver Springs and Ocala National Forest Reserve, plus some of the best fishing spots in the State. This vast country, formed in 1845, was named in honor of General Francis Marion.

In progressive Marion County and throughout Florida, the United States Brewers Foundation works constantly to assure the sale of beer and ale under pleasant, orderly conditions. Believing that strict law enforcement serves the best interest of the people of Florida, the Foundation stresses close cooperation with the Armed Forces, law enforcement and governing officials in its continuing "self-regulation" program.

My Favorite Tree

By Margaret Munsterberg

Of all the many trees there are, I love one best of all. On top it has a silver star. Or a bright and shining ball. It wears a most silver wig. Of lovely glittering hair. And golden lights on every twig. Like flowers, blossom there. And apple, red, and walnut brown. And a hundred things hang down. The gayest sight you've ever seen—Now can you guess what tree I mean?

School Board Sets More Building For Glades Area

Final plans for Pahokee High School's Industrial Arts Building were submitted and approved at the Dec. 2 meeting of the Palm Beach County Board of Public Instruction, according to Howell Watkins, School Superintendent.

The estimated cost is \$38,000 and the gross budget \$40,000. Designing architect, C. A. Conn, Belle Glade, suggested that an alternate be included to move the existing portable building to East Lake High School to be used as a band building at an estimated cost of \$2,400.

Conn also presented preliminary plans for a one-classroom addition to Everglades School, and the board approved a motion to authorize the work. Cost of the work is estimated at \$5,500.

In other action concerning Glades schools, the board accepted Lake Shore addition as substantially complete at \$31,925.88.

Superintendent Watkins also presented a schedule covering an emergency building program and recommended that the project be completed by September 1960.

County Commission Sets Reorganization Meeting

The County Commission this week set January 11th as the date of its annual reorganization meeting.

Ordinarily the board would have met the first Monday in January to receive crede nials of new commissioners, but with no terms of any board member expiring, the commission chose its regular meeting date for reorganization.

It is expected that Vice Chairman Paul Rardin, Canal Point, will move up to the chairman's spot following a policy of rotating the chairmanship among all five members of the board. Rardin will succeed Lake Loyal who has headed the group for the past year.

Tuberculosis is a chronic, relapsing disease that costs the American people about \$740,000,000 a year.

Christmas Brought Back Birthdays

The celebration of Christmas brought back the birthday party.

To the early Christians, it was unthinkable to celebrate one's birthday - much less the birthday of Christ. Birth meant the assumption of original sin and frequently the beginning of a life of persecution and perhaps martyrdom.

Birthday festivities, moreover were a pagan custom. The Pharaoh of Egypt and Herod celebrated their birthdays, as the Bible relates. But it was sacrilege even to suggest that a Divine Being had a birthday.

In the 300's however, this attitude was beginning to change. World Book Encyclopedia reports that in the year 354 the Bishop of Rome declared December 25 to be the anniversary of the birth of Christ.

But it took another pagan ritual to help establish Christmas. The ancient people of Europe had been accustomed to celebrating the winter solstice, when the sun seems to return to the Northern Hemisphere, in late December. A pagan feast commemorating the victory of light over darkness was simply replaced by the Christian festival honoring the "Light of Life."

County Considers Vast Road Programs Calling For Six Million Dollars

The Palm Beach County Commission Monday gave the green light to road and bridge construction program which the board hopes will have \$6 million as financing from a revenue certificate issue.

The board learned that an issue of certificates backed by a portion of gasoline taxes earmarked for the county, could possibly be available within a year. Amount of the issue was estimated at between \$5 and \$8 million.

Meeting with state road department officials and representatives of the Florida Department of Transportation and Board of Administration, County Engineer Harry Johnston and County Engineer Steve Middleton learned that funds could be made available for another vast road and bridge building program.

The county at the present time is paying off a \$4.5 million revenue certificate indebtedness, previously issued for similar road and bridge work. This indebtedness will be retired by 1968.

Importance of obtaining funds for projected projects, was emphasized by Vice Chairman Paul Rardin who said at the present time there is a need for an additional 23 1/2 miles of farm to market roads in the Glades area.

He made the motion which the board approved calling on the county engineer to immediately begin listing road and bridge projects to be included in the building program.

The commission also hired C. H. Goss to serve as the board's financial advisor for the proposed program, at a cost of \$2,500.

The commission estimated that it will take up to six months to ready the program and another six months before the revenue certificates can be marketed.

Recreation Area Sought

County officials have scheduled a meeting Dec. 18 to review plans for development of a recreational area near Pump Station 5A at 20-Mile Bend.

Commission Chairman Lake Loyal said he had set up a planning meeting with Flood Control Board representatives and officials of the State Road Department and State Wildlife organizations.
